TEN SESSIONS. ONE GLOBAL-LOCAL JOURNEY.

Practical leadership development grounded in Student Affairs and Services.

01 Leadership in Higher Education: Local and Global
Explore changing leadership roles and use a global-local lens to navigate complexity across different higher education contexts.

02 Leadership and Cultural Dexterity
Build cultural awareness and adaptability for inclusive leadership across multicultural teams and settings.

03 Leadership Competencies
Strengthen strategic thinking, emotional intelligence, decision-making and reflective leadership practice.

04 Management and Administration
Balance leadership with operational responsibilities and respond effectively to institutional challenges.

05 Management of Diverse Teams
Develop inclusive team practice, collaboration and constructive approaches to conflict and performance.

06 SAS Functional Areas
Map core Student Affairs and Services functions and how they connect across the student journey and institution.

07 SAS Theory
Examine theories that inform student development, belonging, learning and effective support.

08 SAS Practice
Apply Student Affairs and Services principles to real institutional situations and locally relevant challenges.

09 Digital Communication and Impact
Use digital platforms thoughtfully to communicate, engage communities and strengthen professional impact.

10 Personal Development Plan and Closure
Reflect on learning and create a practical plan for continued professional and leadership development.

IASAS and Accreditta certification • Online via Google Classroom • In partnership with UMO • €1,200
